WORKSHOP SPEAKERS – 11 & 12 May 2026

Prof Franco Peracchi (CSIL Advisor) – Professor Emeritus at Tor Vergata University, and Fellow of the Einaudi Institute for Economics and Finance (EIEF). Prof. Peracchi's research focuses on the methodologies used to measure the impact of public interventions.

Dr Giulia Canzian (CSIL) – Applied economist with ~15 years of experience in quantitative analysis and counterfactual evaluations, with work spanning industrial economics, microdata management, survey design, and advisory roles for EU services. PhD in Economics and Management (University of Trento).

Dr Alessandra Caputo (CSIL) – Senior researcher and partner specialising in econometrics and big-data analytics. Experience across counterfactual analysis, network & cluster analysis, patent/company datasets, and indicators for EU studies and evaluations. PhD in Quantitative Methods for Policy Evaluation (University of Macerata); MSc Economics (Bocconi).

Dr Erica Delugas (CSIL) – Researcher in welfare and labour economics specialising in applied microeconometrics. Experience in quantitative analysis, counterfactual methods, and non-market valuation. Contributions to evaluations on SME support, open science, and energy poverty and well-being. PhD in Economics (University of Cagliari); MSc in Public Economics.

Dr Francesco Giffoni (CSIL) – Partner and senior economist specialising in quantitative analysis for innovation, research and industrial policy. Expert in counterfactual evaluations, scenario and risk modelling and non-market valuation techniques. PhD in Economics; MSc in Public Economics and Public Administration (La Sapienza, Rome).

Dr Gabriele Piazza (London School of Economics) - Applied economist with expertise in counterfactual methods. His research focuses on the economics of innovation, economic geography, and policy evaluation. PhD in Economic Geography from the London School of Economics and Political Science, where he is currently a Postdoctoral Fellow.
